B. Attorney.

Mr. Moore discussed the following issues with the Board.

1. Incident Reports.

   During the 2008 Mississippi Legislative Session, a bill was enacted to clarify that incident reports, as differentiated from investigative reports, are public records subject to requests for disclosure under the Public Records Act. Incident reports usually include the name of the person arrested, the date and time of the incident, and the charges. Information dealing with specific evidence, confidential informants, etc., which are usually included in investigative reports, may be exempt from public disclosure.
2. **Amendments to Airport Authorities Act.**

   During the 2008 Mississippi Legislative Session, the code section which grants general and special authority to airport authorities was amended to specifically authorize airport authorities to (i) construct and maintain roads of ingress and egress leading to and from airports and (ii) authorize airports to utilize design/build contracts.

3. **Statements of Economic Interest.**

   During the 2008 Mississippi Legislative Session, a bill was enacted to require airport directors and commissioners of airport authorities to file Statements of Economic Interest with the Mississippi Ethics Commission. Mr. Moore distributed to each Commissioner a memo summarizing this requirement and attaching a copy of the relevant statute and form. During discussion, Mr. Moore said that this amendment would not require such statements to be filed until 2009.

4. **Tax Study Commission.**

   Mr. Moore said that Governor Barbour’s Tax Study Commission had been organized into subcommittees, one of which will consider “consumption taxes,” including the sales tax on gasoline and public parking, both of which raise substantial revenue for MDOT, which then reallocates some of that revenue to airports through the Multi-Modal Transportation Improvement Fund and to help match federal grants through the Airports Improvement Program. Mr. Moore said that it was important to monitor this issue to make sure that any change in those taxes does not reduce the amount of State assistance to airports.

1. **Financial Reports for April 2008:** Accept.
   a. **Balance Sheet.**
   b. **Income Statement.**
