Commissioner Pastor Henley then commented that he will vote yea to everything in the Claims Docket but will vote nay as to any payments made to the law firm of Baker Donelson, as it relates to East Metro Corridor Project. Commissioner Pastor Henley then commented that it was his understanding that, as to the East Metro Corridor Project, the fees paid to Baker Donelson should be prorated among the member entities of the East Metro Commission. JMAA, however, appears to be paying most, if not all, of legal fees.

Mr. Newman, CEO stated he has been told that the fees are being paid based on an agreement the East Metro Commission members supposedly made in the past. He further noted that a good portion of the current bill of Baker Donelson is for the East Metro Corridor project.

Commissioner Reed stated that if there was an agreement, it should be in the past Meeting Minutes.

Attorney Walker stated that he is not aware of any minutes containing such an agreement, and further that a Board speaks through its Meeting Minutes

Commissioner Dr. Pridgen then suggested that the staff review past Meeting Minutes in order to locate any agreement dealing with the East Metro Corridor project as it relates to the JMAA paying most, if not all, of Baker Donelson’s fees.

Chair Harris then suggested that Mr. Newman should talk with Baker Donelson in order to be fully aware of any agreements made in the past in order to preserve JMAA’s existing business relationships.

WHEREAS, it is the understanding of the Board that JMAA, and each of the member entities of the East Metro Commission, should be paying a pro rata share of the legal fees of the Baker Donelson Law firm for legal services as to the East Metro Project as opposed to JMAA paying most, if not all, of the fees for legal services.
