- 6.11 A Bidder confirms its intent to utilize firms included on their Subcontractor list by submitting a properly completed and signed Commitment and Confirmation Form (**Attachment 10**) for each proposed subcontract and material supplier with its Bid. The form must be signed by the Bidder and each proposed subcontractor and/or material supplier. In the case of lower-tier subcontracting, the form must be signed and counter-signed by the parties having the direct contractual relationship.
- 6.12 The Bidder is required to document their good faith efforts to meet the DBE contract goal for the Work when the goal has not been met. The Bidder must submit a complete Good Faith Efforts Report (**Attachment 11**) and Good Faith Efforts Statement (**Attachment 12**) with supporting documentation including and narratives the Bidder deems appropriate evidencing its good faith efforts towards meeting the DBE Contract Goal. The documentation must be accurate and complete in every detail. The Bidder's attainment of the DBE goal or demonstration of good faith efforts will be evaluated to determine if the Bidder is responsive.
- 6.13 The documentation of good faith efforts must include copies of each DBE and non- DBE subcontractor quote submitted to the Bidder when a non-DBE subcontractor was selected over a DBE for work on the contract.
- 6.14 The Bidder must submit copies of the quotes they received for each DBE firm listed on the Subcontractor List.
- 6.15 **Certificate of Responsibility.** The Bidder shall type or legibly write in ink it's Mississippi Certificate of Responsibility Number on the outside of the envelope or write that the bid does not exceed \$50,000.00. When bidding as a joint venture and the joint venture itself does not hold a certificate of responsibility, each contractor comprising the joint venture shall place its certificate of responsibility number on the outside of the envelope containing the bid. If the joint venture itself holds a certificate of responsibility, then it shall place its certificate number only on the outside of the envelope.
- If submitted electronically via email, the certificate of responsibility must be attached to the email submittal of the bid, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00) must be attached with the email submittal of the bid.
- 6.16 **Performance and Payment Bonds.** The successful bidder must deposit with JMAA a Surety Bond in sum equal to 100 percent of the amount of the contract awarded, both for the performance and the payment (**Attachments 14 and 15**) of all labor, materials, rental, etc. The bonding company shall furnish adequate copies of their power of attorney in conjunction with the executed bonds.
- 6.17 **Conflicts of Interest and Gratuities.** Each Bidder must complete, **execute and submit a signed certification in the form appended hereto as Attachment 16.** Failure to execute and submit said Certification will be grounds for rejection of the Bid.

6.18 **One Bid Per Bidder.** JMAA will not consider more than one Bid from any one Bidder. If JMAA has reasonable grounds to believe that a Bidder is involved (as a prime) with more than one Bid for the Work, then all Bids in which that Bidder is believed to be involved will be rejected. Any or all Bids will be rejected if there is reason to believe that collusion or other agreements in restraint of free and competitive bidding exist among the Bidders and no participant in such collusion will be considered in future Bids for the Work. Each Bidder must complete, **sign, notarize and submit** the Non-Collusion Certificate (**Attachment 5**) with its Bid.

7 **Public Opening of Bids.** JMAA will receive sealed Bids for the Work via email, mail or hand delivery at the Main Terminal Building at JAN, Suite 300, in the City of Jackson, Rankin County, Mississippi, until the Bid Deadline. **Any Bid received after the Bid Deadline will be returned to the Bidder unopened.** At the Bid Opening, JMAA will publicly open and read aloud all Bids. Bidder, Bidders authorized representatives and other interested parties are invited to be present at the Bid Opening. The opening of any Bid shall not be considered as an acceptance of such Bidder as a responsible, qualified Contractor. Totals read at the opening of the bids are not guaranteed to be correct and no final award of the contract will be made until bids and extensions have been checked and rechecked.

8 **Rejection of Proposal.**

8.1 **Irregular Proposals.** Bid Proposals shall be considered irregular for the following reasons:

- 8.1.1 If the proposal is on a form other than that furnished by JMAA, or if JMAA's form is altered, or if any part of the proposal form is detached.
- 8.1.2 If there are unauthorized additions, conditional or alternate pay items, or irregularities of any kind that make the proposal incomplete, indefinite, or otherwise ambiguous.
- 8.1.3 If the proposal does not contain a unit price for each pay item listed in the proposal, except in the case of authorized alternate pay items, for which the bidder is not required to furnish a unit price.
- 8.1.4 If the proposal contains unit prices that are obviously unbalanced.
- 8.1.5 If the proposal is not accompanied by the proposal guaranty specified by JMAA.
- 8.1.6 If the applicable Disadvantaged Business Enterprise information is incomplete. JMAA reserves the right to reject any irregular proposal and the right to waive technicalities if such waiver is in the best interest of the Owner and conforms to local laws and ordinances pertaining to the letting of construction contracts.
- 8.1.7 Additionally, any one or more of the following may be considered sufficient cause to reject a Bidder's Proposal. This list is not exhaustive, and JMAA reserves the right to reject any Proposal for any reason, at its discretion:
 - 8.1.7.1 Evidence of collusion among Bidders;
 - 8.1.7.2 Non-responsibility, as determined by JMAA in its sole judgement and Discretion;
 - 8.1.7.3 Default or arrearage on any contract or obligation with JMAA or other government entity;
 - 8.1.7.4 Submission of a Proposal that is incomplete, conditional, ambiguous, or containing

alterations or irregularities of any kind;

8.1.7.5 Evidence of improper lobbying efforts toward members of JMAA's Board or Its officers or employees;

8.1.7.6 If the bidder fails to acknowledge all addenda;

8.1.7.7 If all documents have not been signed in the designated area or as required by this RFB.

JMAA EXPRESSLY RESERVES THE RIGHT TO REJECT ALL BIDS IF THE RESPONSES TO THIS REQUEST FOR BIDS EXCEED JMAA'S ESTABLISHED BUDGET FOR THIS PROJECT.

9 **Evaluation of Bid Proposal.**

9.1 Award of contract will be based on the lowest bid submitted from those bidders that are confirmed as being responsive and responsible. Only those Bids timely received, in proper form and meeting all qualifications will be considered. Upon receipt, each Proposal will be reviewed for conformance to the RFB instructions regarding organization, format, and required content. Proposals that are missing information such that a full evaluation cannot occur will be deemed nonresponsive and ineligible for further consideration.

10 **Additional Terms and Conditions.**

10.1 **Representations of Bidder.** Each Bidder shall judge for itself all conditions and circumstances relative to its Bid. Each Bidder, by submitting a Bid, represents that:

10.1.1 It has read and understands the Bid Documents (including the Contract Documents)

10.1.2 It has visited JAN and is familiar with the conditions under which the Work will be performed,

10.1.3 It accepts the conditions under which the Work will be performed,

10.1.4 It agrees to provide such other information as may be required by JMAA to evaluate its Bid prior to award of any contract, and

10.1.5 It agrees to execute the Agreement.

Failure on the part of any Bidder to make such examination and on-site inspection shall not constitute a ground for declaration by the Bidder that it did not understand any condition with respect to its Bid, the Work or the Contract Documents.

10.2 **Laws.** By submission of a Bid, Bidder represents that it is knowledgeable of, and has fully complied with, all federal, state, and local laws, ordinances, rules and regulations that in any manner affect the Work. Bidder further represents that, in the performance of the Work, it shall comply with all "Buy American" requirements of federal and state law, including, without limitation, the requirements of 49 U.S.C. §2226a. Ignorance of any applicable laws, etc. on the part of the Bidder will in no way relieve the Bidder from its related responsibilities.

10.3 **Resident Bidder Preference Law.** In accordance with Section 31-3-21 of the Mississippi Code of 1972, as amended:

A nonresident Bidder domiciled in a state having laws granting preference to local contractors may only be awarded a public contract in the State of Mississippi on the same basis as that Bidder's state awards contracts to Mississippi contractors bidding under similar circumstances. Resident contractors actually domiciled in Mississippi have preference over nonresidents in the awarding of public contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the nonresident.

Each nonresident Bidder must submit a copy of its resident state's current bid law pertaining to that state's treatment of nonresident bidders. Any Bid submitted by a nonresident Bidder that does not include the nonresident Bidder's current state law pertaining to treatment of nonresident bidders shall be rejected and not considered for award.

As used in these Instructions to Bidders, the term "resident contractor" includes an individual that is a legal resident of the State of Mississippi, a corporation, limited liability company, partnership or other entity organized under the laws of the State of Mississippi as well as a nonresident person, firm or corporation that has been qualified to do business in this state and has maintained a permanent full-time office in the State of Mississippi for two (2) years prior submission of the Bid, and the subsidiaries and affiliates of such a person, firm or corporation.

10.4 Disclosure of Response Contents. All materials submitted in response to this RFB will be the property of JMAA and may be held by JMAA or returned to each respective Bidder, at JMAA's sole discretion. In preparing its Bid, each Bidder should be aware that some or all of its Bid may be subject to public inspection and/or reproduction under the Mississippi Public Records Law, § 25-61-1 et seq., Mississippi Code of 1972, as amended.

10.5 Additional Time. JMAA will consider requests for additional time based on inclement weather on a case-by-case basis. No Bidder should assume that JMAA will grant additional time for inclement weather. In no event will JMAA grant additional time for any weather or weather event that does not completely prevent the Contractor from performing any Work during a particular day.

11 Notice of Award.

11.1 Term. The term for the Work will be thirty (30) consecutive calendar days from the date of issuance of a Notice to Proceed by or on behalf of JMAA.

11.2 The Successful Bidder, as determined by JMAA, will be given written notice that it has been awarded the Work. The notice shall specify which alternates, if any, are being accepted from the Bid Proposal. Accompanying the notice will be one or more originals of the Agreement. Within **ten (10) Business Days** of the date of receipt of the notice, the successful Bidder must execute and deliver the originals of the Agreement, as supplied with the notice of award, together with the appropriate **Payment and Performance Bonds, certificates of insurance and other required documents to JMAA**. JMAA reserves the right, in its sole discretion, to amend the form of the Agreement at any time prior to execution thereof without the necessity of re-advertising or re-letting Bids. No amendment, alteration or change, as the case may be, to the Agreement shall invalidate or affect anything in the Bid Documents that is not expressly altered or affected by such amendment, alteration or change.

11.3 Payment Bond. At the time of execution of the Agreement, the successful Bidder shall post a **Payment Bond** in the form of **Attachment 15** in a penal sum equal to the full contract amount for the Work **signed** by the Surety's Resident Agent. JMAA, in its sole discretion, may waive the requirement of the Payment Bond if the contract amount is less than \$25,000.00 and payment is to be lump sum at the completion of the Work and acceptance by JMAA.

11.4 Performance Bond. At the time of execution of the Agreement, the successful Bidder shall post a **Performance Bond** in the form of **Attachment 14** in a penal sum equal to the full contract amount for the Work **signed** by the Surety's Resident Agent. JMAA, in its sole discretion, may waive the requirement of the Performance Bond if the contract amount is less than \$25,000.00 and payment is to be lump sum at the completion of the Work and acceptance by JMAA.

11.5 Agreement. The selected Bidder will be required to enter into JMAA's Standard Form of Agreement for construction projects, which is made a part hereof fully and completely as if it were attached hereto. The Standard Form of Agreement can be found at <https://jmaa.com/corporate/partner-with-us/procurement/>. The Agreement will contain, among other things, the promises and covenants to perform the Work in accordance with standards of the industry, provisions required by applicable law and such other terms and conditions, as JMAA deems appropriate. In no event will the Agreement contain any provision which limits the Consultant's liability to JMAA or (ii) indemnifies the Consultant for the acts of JMAA or others.

11.6 Liquidated Damages. The Contractor shall commence the Work on the date specified in a Notice to Proceed issued by or on behalf of JMAA and shall achieve substantial completion of the Work not more than the thirty (30) consecutive calendar days identified in Number 3.1 of this RFB, following issuance of the Notice to Proceed, subject to adjustments in the Contract Time as provided in the Contract Documents. In the event Contractor fails to reach substantial completion of the Work within the time allowed, or any authorized extension of the time allowed, Contractor will be liable for agreed liquidated damages, and not as a penalty, in the amount of \$500.00 per calendar day that the Work remains incomplete.

If this Bid Proposal contains mathematical errors or discrepancies in the extension of any Unit Price (the product of the Unit Price multiplied by the Estimated Quantity), the Unit Prices listed in the Base Bid form will control. In the event of any discrepancy between the expression of a bid amount by words or numbers, the numbers shall control.
4. JMAA, in its sole discretion, may reject any Bid submitted by a Bidder that fails to submit its Subcontractor List or other required subcontractor information with its Bid or fails to submit its Commitment and Confirmation Forms to JMAA.
5. Should JMAA award Bidder the right to perform the Work, an authorized representative of the Bidder will execute the Agreement, Bidder will tender a Performance Bond and a Payment Bond in the forms included in these Bid Documents and Bidder will otherwise provide all other required documents within the timeframe prescribed by JMAA.
6. JMAA has established a goal for DBE Work participation of **24.00%**. Bidder has made and will continue to make good faith efforts (as such term is used in 49 CFR Part 26) to ensure that DBE participation is equal to or exceeds JMAA's DBE Participation Contract Goal for the Work and shall take all necessary and reasonable steps to ensure that DBEs have the maximum meaningful opportunity to compete for and perform portions of the Work.
7. JMAA has the right to reject this Bid and all bids submitted for the Work. JMAA also has the right to re-advertise for Bids.
8. Before submitting this Bid, Bidder received and considered any and all Addenda in preparing its Bid.

BUY AMERICAN PREFERENCE

Certificate of Buy American Compliance for Manufactured Products

The Contractor agrees to comply with 49 USC § 50101, which provides that Federal funds may not be obligated unless all steel and manufactured goods used in AIP funded projects are produced in the United States, unless the Federal Aviation Administration has issued a waiver for the product; the product is listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy American Waivers Issued list.

A bidder or offeror must complete and submit the Buy America certification included herein with their bid or offer. The Owner will reject as nonresponsive any bid or offer that does not include a completed Certificate of Buy American Compliance.

CERTIFICATE OF BUY AMERICAN COMPLIANCE FOR TOTAL FACILITY

As a matter of bid responsiveness, the bidder or offeror must complete, sign, date, and submit this certification statement with its proposal. The bidder or offeror must indicate how it intends to comply with 49 USC § 50101 by selecting one of the following certification statements. These statements are mutually exclusive. Bidder must select one or the other (i.e., not both) by inserting a checkmark (✓) or the letter "X".

- ☐ Bidder or offeror hereby certifies that it will comply with 49 USC § 50101 by:
- a) Only installing steel and manufactured products produced in the United States; or
 - b) Installing manufactured products for which the Federal Aviation Administration (FAA) has issued a waiver as indicated by inclusion on the current FAA Nationwide Buy American Waivers Issued listing; or
 - c) Installing products listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation Subpart 25.108.

By selecting this certification statement, the bidder or offeror agrees:

- To provide to the Owner evidence that documents the source and origin of the steel and manufactured product.
 - To faithfully comply with providing U.S. domestic products.
 - To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.
- ☐ The bidder or offeror hereby certifies it cannot comply with the 100 percent Buy American Preferences of 49 USC § 50101(a) but may qualify for either a Type 3 or

Type 4 waiver under 49 USC § 50101(b). By selecting this certification statement, the apparent bidder or offeror with the apparent low bid agrees:

- a) To submit to the Owner within 15 calendar days of the bid opening, a formal waiver request and required documentation that supports the type of waiver being requested.
- b) That failure to submit the required documentation within the specified timeframe is cause for a non-responsive determination that may result in rejection of the proposal.
- c) To faithfully comply with providing U.S. domestic products at or above the approved U.S. domestic content percentage as approved by the FAA.
- d) To furnish U.S. domestic product for any waiver request that the FAA rejects.
- e) To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

Required Documentation

Type 3 Waiver – The cost of components and subcomponents produced in the United States is more than 60 percent of the cost of all components and subcomponents of the “facility”. The required documentation for a Type 3 waiver is:

- a) Listing of all manufactured products that are not comprised of 100 percent U.S. domestic content (excludes products listed on the FAA Nationwide Buy American Waivers Issued listing and products excluded by Federal Acquisition Regulation Subpart 25.108; products of unknown origin must be considered as non-domestic products in their entirety).
- b) Cost of non-domestic components and subcomponents, excluding labor costs associated with final assembly and installation at project location.
- c) Percentage of non-domestic component and subcomponent cost as compared to total “facility” component and subcomponent costs, excluding labor costs associated with final assembly and installation at project location.

Type 4 Waiver – Total cost of project using U.S. domestic source product exceeds the total project cost using non-domestic product by 25 percent. The required documentation for a Type 4 of waiver is:

- a) Detailed cost information for total project using U.S. domestic product
- b) Detailed cost information for total project using non-domestic product

False Statements: Per 49 USC § 47126, this certification concerns a matter within the jurisdiction of the Federal Aviation Administration and the making of a false, fictitious or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code.

DISADVANTAGED BUSINESS ENTERPRISES SPECIAL CONTRACT PROVISIONS

A. DBE POLICY.

It is the policy of the U.S. Department of Transportation (USDOT) and the Jackson Municipal Airport Authority (JMAA) that Disadvantaged Business Enterprises (DBEs) (as such term is used in 49 CFR Part 26) shall have maximum meaningful opportunity to participate in the performance of contracts financed in whole or in part with federal funds. The USDOT (through the Airport Improvement Program administered by the Federal Aviation Administration (FAA)) has agreed to assist in financing the cost of the Work. Consequently, the requirements of 49 CFR Part 26 are hereby made a part of and incorporated into the contract documents.

B. NONDISCRIMINATION.

1. Each Bidder agrees to take all reasonable steps necessary to ensure that DBEs have maximum meaningful opportunity to compete for and participate in the performance of the Work. The Contractor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts financed in whole or in part by JMAA and the U.S. Department of Transportation. The Contractor shall utilize the services of banks in the community, which are owned and controlled by socially and economically disadvantaged individuals when feasible and beneficial.
2. The contractor, sub-recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to withholding monthly progress payments, assessing sanctions, liquidated damages; and/or disqualifying the Contractor from future bidding as non-responsible.

C. DBE GOALS AND GOOD FAITH EFFORTS.

JMAA has established a goal for DBE participation in the Work of **24.00%**. The goal is expressed as a percentage of the original contract amount and will apply throughout the term of the Agreement unless JMAA determines otherwise as provided below.

1. When award is made with DBE participation less than the contract goal, the Contractor shall continue to make good faith efforts throughout the performance of the Work to increase the DBE participation to meet the contract goal.

2. Whenever contract supplements, extra work orders, or change orders are made that individually, or in the aggregate, increase the total dollar value of the Contract, the Contractor shall make good faith efforts to maintain the level of DBE participation as established in the Contract Documents.

Each Bidder shall make good faith efforts (as such term is used in 49 CFR Part 26 and included as Appendix A) to ensure that DBE participation is equal to or exceeds JMAA's goal for such participation and shall take all necessary and reasonable steps to ensure that DBEs have the maximum meaningful opportunity to compete for and perform portions of the Work.

The DBE Program Office will review not only at the different kinds of efforts that the Bidder has made but also the quantity and intensity of those efforts. Efforts that are merely pro-forma are not good faith efforts to meet the goal even if they are sincerely motivated. The DBE Program Office will also consider if, given all relevant circumstances, the Bidder's efforts could reasonably be expected to produce a level of DBE participation sufficient to meet the goal.

Whether or not the established goal has been met and /or whether there were sufficient good faith efforts is considered a matter of the Bidder's responsiveness. The requirement to submit documentation that the goal has been met or good faith documentation in the manner prescribed by JMAA is considered a matter of the Bidder's responsiveness. JMAA will only award contracts to Bidders determined to be responsive and responsible. If a Bidder fails to submit good faith efforts documentation with the bid or proposal, it waives the right to appeal the good faith efforts decision. The DBE Director shall determine whether the Bidder made the Required good faith efforts to meet the DBE Contract goal and, if not, shall recommend that the Bidder(s) be deemed non-responsive.

If a Bidder desires a review of the DBE Director's decision it shall file a written request for final reconsideration within 5 business days after receipt of the decision to the Reconsideration Official:

Chief Executive Officer
P.O. Box 98109
Jackson, MS 39298

As part of the reconsideration the Bidder will have the opportunity to provide written documentation or argument concerning the issue of good faith. JMAA will only consider good faith efforts made by the Bidder(s) prior to the date bids were submitted for the Work.

D. FAILURE TO COMPLY WITH DBE REQUIREMENTS.

All Bidders and all potential subcontractors, suppliers and materialmen are hereby advised that failure to carry out the requirements set forth herein shall constitute a breach of contract and may result in rejection of the bid; termination of the contract; a deduction from the contract funds due or to become due the contractor; or other such remedy as JMAA deems appropriate.

Failure to comply with the DBE requirements shall include but not be limited to: failure to submit any required documents and certifications with the Bid Proposal; or failure to make good faith efforts to meet the established contract goal; failure of the Contractor to meet its commitment for DBE participation in the Work; or failure to maximize opportunities for DBEs.

E. ELIGIBILITY OF DBEs.

A current directory containing the names of firms that have been certified under the Mississippi Unified Certification Program (MUCP) as eligible to participate as DBEs on DOT-assisted contracts may be obtained from the JMAA DBE Program Office or from the Mississippi Department of Transportation (MDOT). The directory is also available on JMAA's website at <https://jmaa.dbesystem.com/?TN=jmaa> and on MDOT's website at http://mdot.ms.gov/bidsystem_data/bidderspdf/DBE%20Listing.pdf. **Firms not certified through the MUCP are not eligible to be counted towards the DBE contract goal for USDOT-assisted contracts.**

The directories are not an endorsement of the quality of performance of any contractor listed; it is only an acknowledgement of the listed firms' certification as DBEs.

Firms certified subsequent to the publication of updates to this directory may be counted toward a project's DBE goal, but only if their certification is active at the time of the Bid Opening. Contractors should contact **Ms. Mary Geter**, Contract Compliance Specialist mgeter@jmaa.com or **601-360-8610** to verify the current status of a firm's certification.

F. COUNTING DBE PARTICIPATION TOWARD DBE GOALS.

1. When a DBE participates in a contract, you count only the value of the Work actually performed by the DBE toward DBE goals.
 - a. Count the entire amount of that portion of a construction contract (or other contract not covered by paragraph (a)(2) of this section) that is performed by the DBE's own forces. Include the cost of supplies and materials obtained by the DBE for the Work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate).
 - b. Count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or

managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, toward DBE goals, provided you determine the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.

- c. When a DBE subcontracts part of the Work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.
2. When a DBE performs as a participant in a joint venture, count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the Work of the contract that the DBE performs with its own forces toward DBE goals.
3. Count expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract.
 - a. A DBE performs a commercially useful function when it is responsible for execution of the Work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the Work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, you must evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the Work it is actually performing, and the DBE credit claimed for its performance of the Work, and other relevant factors.
 - b. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, you must examine similar transactions, particularly those in which DBEs do not participate.
 - c. If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the Work of a contract than would be expected on the basis of normal industry practice for the type of work involved, you must presume that it is not performing a commercially useful function.
 - d. When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (c)(3) of this section, the DBE may present evidence to rebut this presumption. You may determine that the firm

is performing a commercially useful function given the type of work involved and normal industry practices.

- e. Your decisions on commercially useful function matters are subject to review by the concerned operating administration but are not administratively appealable to DOT.
4. Use the following factors in determining whether a DBE trucking company is performing a commercially useful function:
- a. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.
 - b. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
 - c. The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
 - d. The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.
 - e. The DBE may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE that leases trucks equipped with drivers from a non-DBE is entitled to credit for the total value of transportation services provided by non-DBE leased trucks equipped with drivers not to exceed the value of transportation services on the contract provided by DBE-owned trucks or leased trucks with DBE employee drivers. Additional participation by non-DBE owned trucks equipped with drivers receives credit only for the fee or commission it receives as a result of the lease arrangement. If a recipient chooses this approach, it must obtain written consent from the appropriate DOT operating administration.

Example to paragraph (d)(4): DBE Firm X uses two of its own trucks on a contract. It leases two trucks from DBE Firm Y and six trucks equipped with drivers from non-DBE Firm Z. DBE credit would be awarded for the total value of transportation services provided by Firm X and Firm Y, and may also be awarded for the total value of transportation services provided by four of the six trucks provided by Firm Z. In all, full credit would be allowed for the participation of eight trucks. DBE credit could be awarded only for the fees or commissions pertaining to the remaining trucks Firm X receives as a result of the lease with Firm Z.

- f. The DBE may lease trucks without drivers from a non-DBE truck leasing company. If the DBE leases trucks from a non-DBE truck leasing company and uses its own employees as drivers, it is entitled to credit for the total value of these hauling services.

Example to paragraph (f)(4): DBE Firm X uses two of its own trucks on a contract. It leases two additional trucks from non-DBE Firm Z. Firm X uses its own employees to drive the trucks leased from Firm Z. DBE credit would be awarded for the total value of the transportation services provided by all four trucks.

- g. For purposes of this paragraph (d), a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

- 5. Count expenditures with DBEs for materials or supplies toward DBE goals as provided in the following:

- a. If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies toward DBE goals.
- b. For purposes of this paragraph (a)(5), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.

- i. If the materials or supplies are purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies toward DBE goals.
- ii. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

- 1. To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and

under its own name, in the purchase and sale or lease of the products in question.

2. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph (b)(2)(ii) if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.
- c. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph (e)(2).
 - d. With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward DBE goals, provided you determine the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward DBE goals, however.
 - e. You must determine the amount of credit awarded to a firm for the provisions of materials and supplies (e.g., whether a firm is acting as a regular dealer or a transaction expeditor) on a contract-by-contract basis.
 - f. If a firm is not currently certified as a DBE in accordance with the standards of subpart D of this part at the time of the execution of the contract, do not count

the firm's participation toward any DBE goals, except as provided for in §26.87(i)).

- g. Do not count the dollar value of work performed under a contract with a firm after it has ceased to be certified toward your overall goal.
- h. Do not count the participation of a DBE subcontractor toward a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.

G. AWARD DOCUMENTATION AND PROCEDURE.

To demonstrate the Bidder's participation by DBEs, all Bidders must comply with the submission requirements outlined in paragraphs 6.6 through 6.18 of the Instructions to Bidders. Failure to do so may result in a Bid being determined to be non-responsive.

H. POST AWARD COMPLIANCE.

- 1. If the Agreement is awarded with less than full DBE goal participation, award will not relieve the Contractor of the continuing obligation to exercise good faith efforts to maximize participation of DBEs throughout the term of the contract. Prior to entering into any additional subcontracts for any portion of the Work, the Contractor must submit a request to subcontract to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises documenting the Contractor's good faith efforts to utilize DBE subcontractors/suppliers prior to entering into a contract with a non-DBE.
- 2. When the Agreement is awarded on DBE participation in excess of the original stated goal, the Contractor will be required to achieve the DBE participation shown in its Bid Proposal, their DBE commitment, regardless of the goal established by JMAA.
- 3. The Contractor shall establish a program that will effectively promote increased participation by DBEs in the performance of contracts and subcontracts. The Contractor shall also designate and make known to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises a liaison officer who will be responsible for the administration of the Contractor's DBE program.
- 4. The Contractor shall enter into subcontracts or other written agreements with all Subcontractors (DBEs and non-DBEs) identified in the Contractor's Bid Proposal for the kind and amount of Work specified.
- 5. The Contractor shall keep each DBE informed of the project progress schedule and allow each DBE adequate time to schedule work, stockpile materials, and otherwise prepare for the subcontract Work.
- 6. At any point during the performance of the Work that it appears the scheduled amount of DBE participation may not be achieved; the Contractor shall provide

evidence to JMAA's Director of Disadvantaged Business Enterprises demonstrating how the goal will be met.

7. If the Contractor fails to demonstrate to JMAA's satisfaction that it failed to achieve the scheduled DBE participation due to reasons such as quantitative under-runs or elimination of items contracted to DBEs and that good faith efforts have been used to obtain the scheduled contract participation, JMAA may withhold an amount equal to the difference between the DBE goal and the actual DBE participation achieved as damages.
8. When JMAA has reason to believe the Contractor or any subcontractor (including any DBE) may not be operating in compliance with these requirements through "fronting," brokering, not providing a commercially useful function or for other reasons, JMAA's Director of Disadvantaged Business Enterprises will conduct an investigation. The Contractor, each subcontractor or other involved party will be required to fully cooperate with the investigation. If JMAA determines that any person or entity is not complying, JMAA's Director of Disadvantaged Business Enterprises will notify such person or entity in writing as to the specific instances or matters found to be in noncompliance.
9. To ensure that the obligations under subcontracts awarded to subcontractors are met, JMAA will review the Contractor's efforts to promptly pay subcontractors for work performed in accordance with the executed subcontracts. The prime Contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than five days from the receipt of each payment the prime contractor receives from JMAA. The prime Contractor agrees further to return retainage payments to each subcontractor within five days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of JMAA. This clause applies to both DBE and non-DBE subcontractors.
10. The Contractor shall provide the DBE with a full accounting to include quantities paid and deductions made from the DBE's partial payment at the time payment is made. Failure to do so without cause may result in an equal amount being withheld from the Contractor on the next payment (progress or final).
11. JMAA reserves the right to withhold any payment from the Contractor if JMAA determines that a DBE is not performing a commercially useful function or that achievement of the goal is in question. Payment may be withheld in the amount of the DBE goal that is in question until either (i) the Contractor submits to JMAA's Director of Disadvantaged Business Enterprises a revised plan for achieving the Contractor's goal and the plan is approved by JMAA, or (ii) the DBE goal amount in question has been met.
12. JMAA's Director of Disadvantaged Business Enterprises will monitor the Contractor's DBE involvement during the Work, the level of effort by the Contractor in meeting or exceeding the DBE participation goal throughout the

performance of the Work. If, at the completion of the Work, the Contractor has failed to meet JMAA's DBE participation goal and has not demonstrated good faith efforts or obtained a reduction of the goal, JMAA may withhold an amount equal to the difference between the DBE goal and the actual DBE participation achieved as damages.

13. Prior to final payment by JMAA, the Contractor shall file with JMAA a detailed list showing each DBE used on the Work, the Work performed by each DBE and the amount paid to each DBE. The list shall show the actual dollar amount paid to each DBE for the creditable Work performed, less any rebates, kickbacks, deductions, withholdings, or other repayments made. The list shall be certified under penalty of perjury to be accurate and complete. JMAA will use this certification and other information available to determine if the Contractor has satisfied the DBE contract goal and the extent to which DBEs were fully paid for that Work. The Contractor acknowledges that the information is supplied to obtain payment from JMAA which includes federal assistance from the USDOT.
14. Failure on the part of the Contractor to achieve the DBE participation to which the Contractor committed in the Agreement may result in damages being imposed on the Contractor by JMAA for breach of contract and for non-compliance. If the contract was awarded with less than the original DBE contract goal proposed by JMAA, the revised and lower amount shall become the final DBE contract goal, and that goal shall be used to determine any damages to be assessed. Additionally, JMAA may impose any other administrative sanctions or remedies available at law or provided by the Agreement in the event of breach by the Contractor by failing to satisfy the Contractor's DBE commitment. However, no damages will be assessed, and no other administrative sanctions or remedies will be imposed when, for reasons beyond the control of the Contractor, and despite the good faith efforts made by the contractor, the final DBE contract goal was not achieved.

I. SUBSTITUTIONS OF DBE FIRMS AFTER AWARD.

1. A successful bidder must not terminate a DBE Subcontractor included as part of its Sub Contractor List submitted with the bid. This includes but is not limited to instances where a prime contractor seeks to self-perform the Work, have it performed by an affiliate or have it performed by another DBE. The Prime Contractor shall not terminate, substitute, add or replace any DBE subcontractor or change the amount of any work to be performed by any DBE subcontractor except in strict compliance with the requirements of the contract documents. In all instances, the Contractor must seek and secure the prior written consent of JMAA before terminating, substituting, adding, or replacing any subcontractor or changing their scope of work, including DBE subcontractors.
2. Contract activities shown to be performed by a DBE in the Bid Proposal shall be performed by the designated DBE or a substitute approved in advance and in writing by JMAA's Director of Disadvantaged Business Enterprises. Substitution

of DBEs will only be allowed for good cause. For purposes of this paragraph, good cause includes the following circumstances:

- a. The listed DBE Sub-Contractor fails or refuses to execute a written contract.
 - b. The listed DBE Sub-Contractor fails or refuses to perform the Work of its subcontract in a way consistent with normal industry standards. However, good cause does not exist if the failure or refusal of the DBE Sub-Contractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor.
 - c. The listed DBE Sub-Contractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
 - d. The listed DBE Sub-Contractor becomes bankrupt, insolvent, or exhibits credit unworthiness.
 - e. The listed DBE Sub-Contractor is ineligible to work on public projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law.
 - f. It has been determined by JMAA, that the listed DBE subcontractor is not a responsible contractor.
 - g. The listed DBE subcontractor voluntarily withdraws from the project and provides written notice of its withdrawal.
 - h. The listed DBE is ineligible to receive DBE credit for the type of work required.
 - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract; or
 - j. Other documented good cause that compels the termination of the DBE subcontractor
3. A provision stating the following will be included by JMAA in the contract to be executed by the prime:
- a. That the contractor shall utilize the specific DBEs listed to perform the specified work and supply the specified materials unless the contractor obtains written consent from JMAA as provided in this section; and
 - b. That unless JMAA consent is provided as required by this section, the contractor shall not be entitled to any payment for the specified work or specified material unless it is performed or supplied by the listed DBE.
4. Before submitting a request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice to the DBE subcontractor with a copy to JMAA's Director of Disadvantaged Business Enterprises. The notice must include the

reason for the request. The DBE must be given five days to respond to the prime contractor's notice. The response must include the reasons for any objections and why the request should not be approved. The five-day period may be shortened in cases of public necessity (e.g., safety).

5. In addition to post-award termination, the provisions of this section apply to pre-award deletions of or substitutions for DBE firms.
6. When a DBE subcontractor is terminated as provided in this section or fails to complete its work on the contract for any reason, the prime contractor must make a good faith effort to find another DBE subcontractor to substitute for the original DBE. The good faith effort must be directed at finding another DBE to perform at least the same amount of work. The good faith effort must be documented by the prime contractor.
7. In instances prior to execution of a contract between JMAA and prime contractor and/or prime contractor and DBE subcontractor, where a DBE that was listed in the bid is unwilling or unable to perform the items of work specified in the Bid Proposal, the Bidder must immediately notify JMAA. If any resulting change would create a shortfall of DBE participation from that previously committed and/or approved in the bid, the Bidder shall immediately take steps to obtain another certified DBE to perform an equal amount of allowable credit work or make documented good faith efforts to do so. The new DBE's name and designated work shall be submitted to JMAA's Director of Disadvantaged Business Enterprises for approval. The Bidder's request should consist of the Substitution Form (available from JMAA) and a revised Commitment and Confirmation Form (see Attachment 9). If the Bidder is unable to replace a DBE with another DBE for the applicable work, a good faith effort shall be made to subcontract other items to DBEs in order to sustain the previously committed and/or approved level of DBE participation. JMAA will determine if the Bidder made an acceptable good faith effort in awarding work to DBE firms. JMAA may allow an adjustment of the DBE participation as appropriate, depending on individual project circumstances.

J. RECORD KEEPING REQUIREMENTS.

The Contractor shall keep such records as are necessary for JMAA to determine compliance with the DBE contract obligations. These records shall include: the names of subcontractors, including DBEs; copies of all fully executed subcontracts; the type of work being performed; documentation such as canceled checks and paid invoices verifying payment for work, services, materials, supplies and equipment; and documentation of correspondence, oral contacts, telephone calls, and other efforts to obtain services of DBEs. When requested, the Contractor shall submit copies of all subcontracts and other documents and project related items to JMAA's Director of Disadvantaged Business Enterprises. JMAA reserves the right to investigate, monitor and/or review actions, statements, and documents submitted by any contractor, subcontractor, material men or suppliers.

K. REPORTING REQUIREMENTS.

The Contractor shall submit monthly reports on DBE participation to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises. With each Application for Payment, the Contractor shall submit the Project/Contract Reporting Form (available from JMAA) to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises to verify actual payments to DBEs since the last Application for Payment. These reports will be required until all subcontracting activity is complete, and the final payment has been made. Reports are required regardless of whether subcontractor activity has occurred since the last Application for Payment.

Upon completion of the Work, and as a condition to final payment, the Contractor shall submit the Project/Contract Reporting Form (marked "Final") to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises detailing all subcontractor and vendor payments. When the actual amount paid to a subcontractor or vendor is less than the amount indicated in the Agreement, the Contractor must provide a complete explanation of the difference.

If the DBE goal set forth in the Contract Documents has not been met, the Contractor must submit documentation supporting good faith efforts to meet the goal during the performance of the Work. Failure to submit the required reports will result in the withholding of progress payments to the Contractor until the reports are submitted. All payments due subcontractors which affect DBE goal attainment, including retainage, shall be paid by the Contractor before JMAA releases the contract retainage. JMAA reserves the right to conduct an audit of DBE participation prior to processing the Contractor's final payment and at any time during the performance of the Work.

L. DBE PROGRAM-RELATED CERTIFICATIONS MADE BY BIDDERS AND CONTRACTORS.

If the Bidder makes a written, express disclaimer of one or more certifications or assurances in its Bid Proposal, the Bid Proposal will be considered non-responsive. By submitting a Bid on any project involving USDOT assistance, and by entering into any contract based on that bid, the Bidder/Contractor makes each of the following DBE Program-related certifications and assurances to USDOT and to JMAA:

1. Certification of Knowledge of and Compliance with All DBE Program Terms and Conditions. The Bidder certifies that management and bidding officers have reviewed and understand the bidding and project construction and administration obligations of the USDOT DBE Program regulations at Title 49 CFR Part 26 (as amended) and JMAA's DBE Program rules. The Bidder further certifies that the Bidder's management personnel understand and are familiar with the requirements of these federal and local DBE Program regulations; and if the Bidder was not familiar with or did not understand the requirements of these regulations, they have contacted JMAA DBE Program Office and have been informed as to their duties and obligations under the DBE Program regulations.

2. Certification Regarding Disadvantaged Business Enterprises. The Bidder certifies that the Bidder has complied with the federal and local DBE Program requirements in submitting its Bid Proposal and will comply fully with these requirements in performing any federal-aid contract awarded based on that submission.
3. Certification to Provide Opportunities for DBEs to Participate. The Bidder agrees to ensure that certified DBE firms have a full and fair opportunity to participate in the performance of the Work. The Bidder certifies that all necessary and reasonable steps were taken to ensure that DBE firms have an opportunity to compete for and participate in the Work. The Bidder further certifies that the Bidder has not and will not discriminate on the basis of race, color, age, national origin, or sex in the performance of the Work, or in the award of any subcontract.
4. DBE Contract Goal. The Bidder certifies, under penalty of perjury, that if awarded this federal-aid contract, the Bidder will make good faith efforts to utilize certified DBE firms to meet JMAA's DBE participation goals. The Bidder further certifies the Bidder's understanding that the Bidder may not unilaterally terminate, substitute for, or replace any DBE firm that was designated in its Bid Proposal or the Agreement, in whole or in any part, with another DBE, any non-DBE firm or with the Contractor's own forces or those of an affiliate of the contractor, without the prior written consent of JMAA as set out below.
5. Certification of Good Faith Efforts to Obtain DBE Participation. The Bidder certifies, under penalty of perjury, that a good faith effort was made to obtain DBE participation in this contract, at or above the DBE contract goal. The Bidder further certifies, under penalty of perjury, that if the Bidder is not able to meet JMAA's specified DBE contract goal, the Bidder has submitted with and as a part of its Bid, a true, accurate, complete and detailed written explanation of all its good faith efforts taken to meet the DBE contract goal.
6. Agreement and Authorization to Assess Damages. The Bidder understands and agrees that if awarded the contract to perform the Work, the Contractor is legally responsible to ensure that the Contractor and each DBE subcontractor and supplier, comply fully with all regulatory and contractual requirements of the USDOT DBE Program, and that each DBE firm participating in the Work fully performs the designated tasks, with the DBE's own forces and equipment, under the DBE's own direct supervision and management. The Bidder certifies, under penalty of perjury, that if it awarded the contract to perform the Work and if the USDOT or JMAA determines that the Contractor, a DBE or any other firm retained by the Contractor has failed to comply with the DBE Program requirements, USDOT or JMAA shall have the sole authority and discretion to determine the extent of the monetary value to which the DBE contract goals have not been met, and to assess against and withhold monetary damages from the Contractor in the full amount of that breach. JMAA may impose any other remedies available at law or provided in the Contract Documents in the event of a contract breach. The Bidder further understands and agrees that this clause authorizes JMAA to determine and fix the extent of the damages caused by a breach of any contractual or regulatory DBE Program

requirement and that the damage assessment will be enforced in addition to, and not in lieu of, any other general liquidated damages clause in the Agreement. By submitting a bid for this federal-aid contract, and by entering into the Agreement, the Contractor irrevocably agrees to such an assessment of liquidated damages for DBE Program purposes and authorizes JMAA to make such an assessment of liquidated damages against the Contractor, and to collect that assessment from any sums due the Contractor under the Agreement, or any other contract, or by other legal process.
